

letter of appearance). Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).⁵⁷

This notice is issued and published pursuant to sections 732(c)(2) and 777(i) of the Act, and 19 CFR 351.203(c).

Dated: January 7, 2025.

Steven Presing,
Acting Deputy Assistant Secretary for Policy
and Negotiations.

Appendix—Scope of the Investigation

The merchandise covered by this investigation is active anode material, which is an anode grade graphite material with a graphite minimum purity content of 90 percent carbon by weight, whether containing synthetic graphite, natural graphite, or a blend of synthetic and natural graphite; with or without coating. Subject merchandise may be in the form of powder, dry, liquid, or block form and is covered irrespective of the form in which it enters. Subject merchandise typically has a maximum size of 80 microns when in powder form. Subject merchandise has an energy density of 330 milliamp hours per gram or greater and a degree of graphitization of 80 percent or greater, where graphitization refers to the extent of the graphite crystal structure.

Subject merchandise is covered regardless of whether it is mixed with silicon based active materials, e.g., silicon-oxide (SiO_x), silicon-carbon (SiC), or silicon, or additives such as carbon black or carbon nanotubes. Subject merchandise is covered regardless of the combination of compounds that comprise the graphite material. Subject merchandise is covered regardless of whether it is imported independently, as part of a compound, in a battery, as a component of an anode slurry, or in a subassembly of a battery such as an electrode. Only the anode grade graphite material is covered when entered as part of a mixture with silicon based active materials, as part of a compound, in a batter, as a component of an anode slurry, or in a subassembly of a battery such as an electrode.

Active anode material subject to the investigation may be classified under the Harmonized Tariff Schedule of the United States (HTSUS) subheadings 2504.10.50.000 and 3801.10.5000. Subject merchandise may also enter under HTSUS subheadings 2504.10.1000 and 3801.90.0000. The HTSUS subheadings are provided for convenience and customs purposes only. The written description of the scope of the investigation is dispositive.

DEPARTMENT OF COMMERCE

International Trade Administration [A-580-881]

Certain Cold-Rolled Steel Flat Products From the Republic of Korea: Final Results of Antidumping Duty Administrative Review; 2022–2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that certain cold-rolled steel flat products (cold-rolled steel) from the Republic of Korea (Korea) was not sold in the United States at less than normal value during the period of review (POR) September 1, 2022, through August 31, 2023.

DATES: Applicable January 15, 2025.

FOR FURTHER INFORMATION CONTACT: Caroline Carroll, AD/CVD Operations, Office IX, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4948.

SUPPLEMENTARY INFORMATION:

Background

On October 10, 2024, Commerce published the *Preliminary Results* in the *Federal Register*.¹ We invited interested parties to comment on the *Preliminary Results*,² however, no interested party submitted comments. Accordingly, the final results remain unchanged from the *Preliminary Results* and, thus, there are no memoranda accompanying this *Federal Register* notice. On December 9, 2024, Commerce tolled the deadline to issue the final results in this administrative review by 90 days.³ Accordingly, the deadline for these final results is now May 8, 2025. Commerce conducted this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁴

The product covered by the *Order* is cold-rolled steel from Korea. For a

¹ See *Certain Cold-Rolled Steel Flat Products from the Republic of Korea: Preliminary Results of Antidumping Duty Administrative Review; 2022–2023*, 89 FR 82218 (October 10, 2024) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

² *Id.*, 89 FR at 82219.

³ See Memorandum, “Tolling of Deadlines for Antidumping and Countervailing Duty Proceedings,” dated December 9, 2024.

⁴ See *Certain Cold-Rolled Steel Flat Products from Brazil, India, the Republic of Korea, and the United Kingdom: Amended Final Affirmative Antidumping Determinations for Brazil and the United Kingdom and Antidumping Duty Orders*, 81 FR 64432 (September 20, 2016) (*Order*).

complete description of the scope of the *Order*, see the *Preliminary Results*.

Rate for Non-Examined Company

Generally, Commerce looks to section 735(c)(5) of the Act, which provides instructions for calculating the all-others rate in a less-than-fair-value (LTFV) investigation, for guidance when determining the weighted-average dumping margin for respondents that were not individually examined in an administrative review. Section 735(c)(5)(A) of the Act provides that the all-others rate should normally be calculated by weight averaging the weighted-average dumping margins determined for individually examined respondents, excluding rates that are zero, *de minimis*, or based entirely on facts available.

In this review, we calculated dumping margins of zero percent for the two mandatory respondents, Hyundai Steel Company (Hyundai) and POSCO/POSCO International Corporation (POSCO). Consistent with the U.S. Court of Appeals for the Federal Circuit’s decision in *Albemarle*,⁵ and Commerce’s practice,⁶ we assigned the sole non-selected company under review, KG Dongbu Steel Co., Ltd. (KG Dongbu), a margin of zero percent, based on the rates calculated for Hyundai and POSCO, pursuant to section 735(c)(5)(B) of the Act.

Final Results of Review

We determine that the following estimated weighted-average dumping margins exist for the period of September 1, 2022, through August 31, 2023:

Producer/exporter	Weighted-average dumping margin (percent)
Hyundai Steel Company	0.00
POSCO/POSCO International Corporation	0.00
KG Dongbu Steel Co., Ltd	0.00

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with the final results of review within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the *Federal Register*,

⁵ See *Albemarle Corp. v. United States*, 821 F.3d 1345 (Fed. Cir. 2016) (*Albemarle*).

⁶ See *Certain Cold-Rolled Steel Flat Products from the Republic of Korea: Preliminary Results of Antidumping Duty Administrative Review; 2020–2021*, 87 FR 60989 (October 7, 2022).

in accordance with 19 CFR 351.224(b). However, because Commerce made no changes from the *Preliminary Results*, there are no new calculations to disclose.

Assessment Rates

Pursuant to section 751(a)(2)(A) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. Because the weighted-average dumping margins calculated for Hyundai and POSCO are zero, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce's "automatic assessment" practice will apply to entries of subject merchandise during the POR produced by Hyundai or POSCO for which the reviewed companies did not know that the merchandise they sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁷

For KG Dongbu, the company that was not selected for individual examination, we will also assign a zero assessment rate as noted in the "Rate for Non-Examined Company" section, above.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of these final results of review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of these final results of administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the companies listed above will be zero, as established in the final results of this review; (2) for previously investigated or reviewed

companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, or the LTFV investigation, but the producer is, then the cash deposit rate will be the cash deposit rate established for the most recently completed segment for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 20.33 percent, the all-others rate established in the LTFV investigation.⁸ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during the POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice serves as the only reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: January 8, 2025.

Steven Presing,

Acting Deputy Assistant Secretary for Policy and Negotiations.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

[Docket Number: 250108-0011]

XRIN: 0693-XC137

Request for Comments on AISI's Draft Document: Managing Misuse Risk for Dual-Use Foundation Models, Pursuant to Executive Order 14110 (Section 4.1(a)(ii) and Section 4.1(a)(ii)(A))

AGENCY: U.S. Artificial Intelligence Safety Institute (AISI), National Institute of Standards and Technology (NIST), U.S. Department of Commerce.

ACTION: Notice; request for comments.

SUMMARY: The U.S. Artificial Intelligence Safety Institute (AISI), housed within NIST at the Department of Commerce, requests comments on an updated draft document responsive to Section 4.1(a)(ii) and Section 4.1(a)(ii)(A) of Executive Order 14110 on Safe, Secure, and Trustworthy Development and Use of Artificial Intelligence (AI) issued on October 30, 2023 (E.O. 14110). This draft document, NIST AI 800-1, Managing Misuse Risk for Dual-Use Foundation Models, can be found at <https://nvlpubs.nist.gov/nistpubs/ai/NIST.AI.800-1.ipd2.pdf>. This document is an update to an initial public draft and includes changes based on the previous round of public comment, as well as two new appendices that apply these guidelines to (1) chemical and biological misuse risk and (2) cyber misuse risk.

DATES: Comments containing information in response to this notice must be received on or before March 15, 2025, at 11:59 p.m. Eastern Time. Submissions received after that date may not be considered.

ADDRESSES: The draft of NIST AI 800-1, Managing Misuse Risk for Dual-Use Foundation Models is available for review and comment on the U.S. AI Safety Institute website at <https://nvlpubs.nist.gov/nistpubs/ai/NIST.AI.800-1.ipd2.pdf> and at www.regulations.gov under docket number NIST-2025-0001.

Comments may be submitted:
By email:

- Comments on NIST AI 800-1 may be sent electronically to NISTAI800-1@nist.gov with "NIST AI 800-1, Managing the Risk of Misuse for Dual-Use Foundation Models" in the subject line. Electronic submissions may be sent as an attachment in any of the following unlocked formats: HTML; ASCII; Word; RTF; or PDF.
